

SPECIALISTS IN PHOTOCHEMICAL MACHINING

January 20, 2010

Subject: Restrictions of Hazardous Substances in Electrical and Electronic Equipment ("RoHS")

Attention: Newcut, Inc. Customers

Parts produced at Newcut are produced with the Photo-chemical machining process. This process is compliant with the current revision of EU directive 2002/95/EC, Restrictions of Hazardous Substances in Electrical and Electronic Equipment ("RoHS").

The design of the part is the responsibility of the design organization. The RoHS compliance of any material, plating or other coating required by the design is the responsibility of the design organization.

If you have any questions, feel free to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Jon Zubb", is written over a thin horizontal line.

Jon Zubb  
Quality Assurance Manager
